LOOK TO THE LEGISLATURE.

The political ground hog is out, and although his shadow does not greet him, still he is obliged to stay out, for the fight will be on soon and he must have his snares laid.

PUT THESE QUESTIONS.

Senator Wm. E. Chandler, of New Hampshire, whose head is level on the Philippine policy of the administration puts the following pertinent questions to Senator Wm. E. Mason, of Illinois, who is a violent anti-imperialist and all around copper head.

Can any power but congress, acting by law, make the Philippines a colony of the United States?

Has any power but congress the right to surrender their sovereignty in the Philippines?

Has President McKinley any right to forestall the action of congress in either direction toward making the Philippines a colony or surrendering them so that they cannot be made a colony if congress so decides?

What is your affirmative Philippine policy, if you have one?

Governor Roosevelt is a strong man; one of the strongest men in the United States today. He is strong at all points, and his sturdy unquestioned honesty makes him the best loved man. His speech at the opening of the Ohio campaign was a grand affair, it completely covered the whole ground, and we are anxiously waiting to see what kind of reply will be made to it by the opposition.

MONROE ITEMS.

Good progress is being made with the river improvement on Long Tom, and Monroe people hope to see steamers there this winter.

Wilhelm & Sons are running both mills and taking in wheat at a lively rate these days.

Prunes are being hauled from the orchards in this vicinity to the dryer at Harrisburg, but the crop is very small.

The proposed railroad from Corvallis to Eugene would be a great benefit to this region, and people here are willing to help it along as much as possible.

Injury to prune orchards on the hill land in this vicinity is much less than it was thought a few weeks ago. A few trees are dying but most of them are coming out all right. Clear pruning and thorough cultivation will keep the trees all right on this hill land and it seems to prevent the curl leaf.

Mr. Barnard is talking of fixing up the fine spring on his place,

putting in a wind mill and laying pipe to carry water to the house and barn. It is a good scheme.

There is much bottom land in this region growing up with weeds and brush that would make good hay and pasture fields if broken up and sowed with timothy, rye grass, orchard grass or redtop.

An Open Letter.

TO OUR CUSTOMERS:

Our thanks are due you. We feel that they should be publicly expressed. Six months ago we extended our business. To our stock of Clothing, Gent's Furnishings, Boots and Shoes, were added Dress Goods, Groceries and other lines. Our store was, in fact, transformed from a clothing store into a general depot of supplies.

In conclusion, we beg to say, that the extraordinary growth of our business has stimulated us to new effort. We have bought a stock for the fall trade, that is a source of pride to us, and that will be sure to please you.

Congratulating you upon the fact that the crop is safe, and thanking you for the patronage you have liberally bestowed, we are,

F. L. MILLER.
